

## THE YSAIE CONCERT.

Renewed Efforts of the Committee to Bring the Violinist to New Haven.

In order that the public may fully understand the exact situation with regard to the Ysaie-Seidl concert, the advisory committee appointed by the guarantors desire to make the following statement in behalf of Miss Virginia K. Johnstone, to whose generous public spirit the arrangements for this concert and the appearance of Ysaie in our city are due.

All the plans had been made for giving the concert last evening, March 6, when Miss Johnstone was notified of the serious illness of Mr. Seidl, who had a severe attack of grip and was threatened with pneumonia, and whose numerous concert engagements were canceled. The agent offered to send another conductor in his place, and with great reluctance it was decided to go on with the concert with M. Ysaie and Seidl's orchestra, led by Frank Van der Stucken or Victor Herbert, the well known conductors. Professor Horatio N. Parker of Yale university came to the assistance of the management by kindly consenting to lead the orchestra for the performance of his overture, "Count Robert of Paris," which was to be given for the first time in New Haven. Owing to Miss Johnstone's illness, a member of the advisory committee went to New York to perfect arrangements and there learned of the illness of M. Ysaie, whose engagements were then being canceled.

The sale of seats for the concert here has been so flattering, and shown so clearly the desire of the public, both in New Haven and in adjoining towns, to hear the great Ysaie, a member of the committee do not feel justified in abandoning the plan of having M. Ysaie play in New Haven. Messrs. Johnston and Arthur, the New York agents for the Ysaie-Seidl concert, informed the committee yesterday morning that Ysaie will probably be permitted by his physician to resume his concert very shortly. The committee are therefore making strenuous efforts to arrange another date for the concert about two weeks hence. It is hoped that a definite date may be announced in to-day's papers. Ticket holders are assured that the tickets already purchased will be good for the new date.

It is hoped that the public will appreciate the efforts of the committee in trying to bring Ysaie to play in New Haven, as this will probably be the only appearance of this great artist in Connecticut. It is also hoped that the public will appreciate the trying situation in which the committee have been placed by the sudden illness of both Ysaie and Seidl, and will patiently await a further announcement. The committee desire to acknowledge the unfailing courtesy and consideration of Mr. Bunnell of the Hyperion.

## A New Drive on East Rock.

A new drive has been laid out on East Rock Park from Bishop Gate around the foot of the rock on the northern side, skirting road and joining on to the Farnam drive.

## Loss of Two Millions.

Washington, March 6.—The gold reserve stood at \$89,000,000 at the close of business to-day, a loss since yesterday of two millions. Assistant Secretary Curtis explained that the difference was more apparent than real, as the treasury had lost no gold by export or withdrawal, and that the apparent loss was simply a matter of bookkeeping.

## Rough on Coughs.

A Throat and Lung Balm. Safe and reliable for children or adults. A popular and effective remedy. 25c and 50c at Druggists.

J.

## LOOK UP, NOT DOWN.

Spring Days Bring Good Cheer to the Weak.

Paine's Celery Compound in Thousands of Homes.

On Every Hand People Are Getting Well.

The Great Spring Remedy Makes One Strong.

Now Ordered By Physicians Everywhere in March.

Ah! what avail the largest gifts of Heaven When drooping health and spirits go amiss? How tasteless, then, whatever can be given; Health is the vital principle of bliss.

Weak, tired out men and women with nerves "unstrung" and badly nourished need Paine's celery compound. They are especially urged to take it during these early spring days of March and April, when the body is most susceptible to its strengthening influence.

Of the thousands of men and women with brains and hands all day actively engaged, but whose physical powers are little used, who imagine themselves more dangerously sick than they are, the vast majority are merely reduced in strength and spirits, and need nothing but a vigorous tonic in the spring to recuperate their tired nerves. They need nothing so much as Paine's celery compound. It exactly fills their need.

The infirmities peculiar to the aged come from stagnating blood and the tardy, scanty production of nerve force. They should take Paine's celery compound; there is no time so favorable as March.

The rheumatism, neuralgia, sleeplessness and lack of strength that Paine's celery compound so rapidly dispels are thus found to be mere temporary conditions to which their time of life is liable, and the cause of needless anxiety.

Needless if they fully perceive the meaning of these infirmities and take pains at once to correct the beginnings of weakness and debility, as it is so easy to do now in the spring. Paine's celery compound is the great spring medicine. It is prescribed by countless physicians in cases of rheumatism, neuralgia, sleeplessness, and the many other results of starved nerves and depleted blood. In every drug store in the country Paine's celery compound is always to be obtained.

It is the world's great remedy for weakness. Its use year by year through so large a part of the civilized world tells something of the good it must be accomplishing. If men and women who feel the effects of too close application to work would use Paine's celery compound, there would be less insomnia, less pain in the back, fewer days of utter physical exhaustion and incapacity for anything but suffering. Its extensive use to-day is the cause of a vast alleviation of human misery and despair. Its presence in the world is a blessing. It has kept the family circle whole in thousands of homes that are happy and grateful to-day. Try it.

**MINERS DISSENTED.**  
In Consequence Coal Producers Hold an Extended Meeting.

New York, March 6.—The meeting of the bituminous coal producers and carriers here to-day, it is said, is the outcome of the recent strike in Pittsburgh. The miners are dissatisfied with the wages they are receiving and there is also declared they are not earning enough money. Some arrangement satisfactory to both will be drawn up, it is said.

The conference adjourned this evening at 5:30 until to-morrow. The entire question as to the output of bituminous was discussed, but no conclusive agreement was arrived at. The question of miners' wages was also discussed.

J. M. Ferris after the meeting said: "No definite conclusion has been reached. We have made progress and expect to reach a conclusion to-morrow."

**They Qualified for Office.**  
Washington, March 6.—The two ex-amblers-in-chief of the patent office, A. P. Greeley and J. H. Brickenstein, who were nominated to succeed Judges Bates and Clark, and who failed of confirmation, were reappointed by the president to-day and qualified for office. They will not assume their duties until April 1. Judge Bates, who tendered his resignation upon request, will continue the work until that date, but Judge Clark, who refused to resign, was removed.

**Owing to a Change of Base.**  
Winsted, March 6.—Fifteen carloads of the Hartford's Axle company's machinery are leaving Norfolk for Dun Kirk, N. Y., owing to a change of base.

**Decision is Withheld.**  
Boston, March 6.—The hearing in the municipal court before Judge Brown on the complaint charging Dr. Henry E. Bishop alias Bailey as principal and Mrs. Mary E. Cole as accessory after the fact to an alleged criminal operation upon the late Petrona Matson of Woburn was finished to-day. The court at the conclusion of the argument continued the case until March 15, when it will render its decision.

**WORK OF THIEVES.**  
Lots of Razors Stolen—Several Raids Yesterday.

Thieves entered the barber shop of Joseph H. Lang at 153 Orange street and made off with nineteen razors and two hair clippers.

The same parties, it is supposed, broke into Carl R. Spanagle's shop at No. 786 Chapel street and secured ten razors. They left the money draw, containing \$13, untouched.

Still another robbery Tuesday night of tools was reported to the police yesterday from a shoemaker's shop at No. 549 State street.

At the regular prayer meeting Friday evening in the chapel of the Congregational church, Mr. Jordan, an evangelist from Springfield, Mass., is expected to be present to conduct the exercises and will preach next Sunday in the church, and a union service will be held in the Congregational church Sunday evening.

Next week Mr. Jordan will call on every family of the congregation.

Rev. J. P. Hoyt started Monday for a few weeks' vacation for Virginia and other places in the south. It is expected Mr. Jordan will conduct the services in Mr. Hoyt's absence at the Congregational church.

Miss Cornelia Hitchcock, who has been feeble for some years, died last Wednesday night at the age of seventy-two. Her funeral took place Saturday afternoon.

Benjamin H. Peck, a well known resident, died Saturday afternoon of heart trouble at the age of sixty-four years. His funeral took place Tuesday afternoon. He leaves a widow and seven children to mourn his loss.

Mr. and Mrs. Joseph Higgins have been called to mourn the loss of a daughter, who died Monday morning at the age of ten months.

At the Congregational church last Sunday communion service was held and five persons were received into the church.

**CHANGE IN FOOTBALL RULES.**  
Opinions of Various Captains on the Matter Captain Thorne's Ideas Discussed by the Advisory Committee.

Steps are being taken by the advisory committee of the Intercollegiate Football association toward changing football rules again this spring. At the annual meeting of the committee held in New York last week it was voted to secure an expression of opinion from prominent men in football matters regarding the needed changes in the rules.

The captains of the various teams heard from as a rule proposed various changes, all except Captain Williams of Pennsylvania, who says he is satisfied with the rules as they now stand, but will accede to the wishes of the public.

## Were War Ships and Yachts.

Washington, March 6.—But five American vessels passed through the Suez Canal during 1894 and these were war vessels or yachts. "Not one mercantile ship flying the American flag entered the canal for the year, although many cargoes designated for America passed through in British ships." This statement is made by Consul General Penfield, stationed at Cairo, Egypt, in a report just received at the department of state. The report shows that during the year 3,352 vessels passed through the canal.

## Is a Total Loss.

Hatters, N. C., March 6.—Schooner Sallie Bissell, which stranded on Ocracoke Bar, is a total loss. The Portsmouth station crew saved the vessel's crew. The schooner Edward S. Stearns, which stranded yesterday together with her cargo, will most likely prove a total loss. The Durham station crew saved the crew of the Stearns.

## Medical.

## ASTHMA.

IN the wide field of medicine, nothing is more distressing to the sufferer than a severe attack of spasmodic Asthma, occasionally, and wholly without warning, in the midst of apparent health, difficulty of breathing comes on, and for many minutes, sometimes indeed for hours, the patient gasps and fights for breath; his frame quivers, his countenance is bathed in moisture, distress of the most painful character takes possession of him. Anyone who has never seen a similar attack would fear that death must be at hand. The sufferer who has had other attacks is not alarmed. After a time breathing becomes natural, but before that happy state is reached he suffers torment.

**Kutnow's Anti-Asthmatic Powder or Cigarettes.**  
Will give the desired relief. If a patient has an attack on the street he can ward off the blow by lighting one of the cigarettes, and after deeply inhaling the smoke, will breathe as freely as usual.
